

# Eco E7

1200 x 800

## Strong 3-runner plastic pallet for loads up to 1000 kg in the high rack

The Eco E7 is a long-lasting euro-size heavy-duty pallet. Developed for use in high racks, this 3-runner monoblock pallet is optimal for use in automatic conveyor systems. Precise dimensions and design increase process reliability in conveyor technology. This pallet is also available in CABKAN™ plastic with a load capacity up to 1250 kg in the high rack.

### Bottom support

> 3 runners (3R)

### Deck options

> open deck (OD)

Compatible to standard boxes.

Safe storage of heavy loads in the high rack.

Different height structure gives the pallet ideal bending strength.

Flow through block design ensures effective cleaning.

## Technical data\*<sup>1</sup>

	Bottom support	Top deck	Dimensions [mm]	Load capacities*2 [kg]			Weight [kg]		Pallets per	
				Static	Dynamic	Racking	HDPE	PO	Stack	Truck

\*<sup>1</sup> Figures can vary depending on the raw material used and options applied. \*<sup>2</sup> Guideline values are based both on experience and parts of test ISO 8611, which tests with evenly distributed loads at room temperature (20°C). Varying data may result from different conditions of usage. Your specific requirements can be identified upon request. \*<sup>3</sup> Minimum quantity required - PO pallets should only be used and stored in a dry environment. We reserve the right to change any of the stated information without prior notice.
